

HR Legal Basics Seminar

February 23, 2012

Presented by: Greg Peters

Seaton, Peters & Revnew, P.A

Hosted by: RJ Ahmann Company

Every day employers face challenges in avoiding and defending charges and lawsuits which result from disciplining and terminating employees.

These challenges are compounded when dealing with the problem employee or problem situation.

As insurmountable as these difficulties appear to be, employers who are properly prepared can prevail.

This presentation will provide the participants with the HR "Basics" and includes:

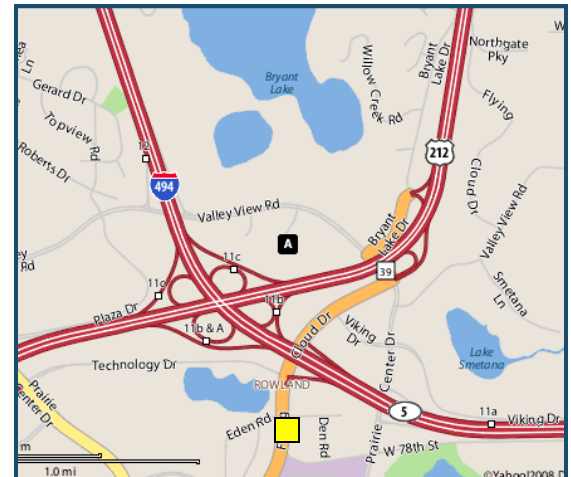

- ◇ An overview of employment policies including recruitment and hiring practices, employee handbooks, and discipline and discharge procedures
- ◇ Tips on handling employee evaluations
- ◇ Best practices when dealing with the not-so-ideal employee and a complex termination
- ◇ A user friendly checklist for proper disciplinary and discharge practices.
